SUMMARY

I am a proficient Full Stack Developer with 3 years of experience, specializing in Next.js and Nest.js. I excel in building responsive, high-performance web applications, seamlessly integrating front-end and back-end technologies. My expertise lies in creating scalable solutions with a strong focus on user experience and efficient, clean code. I am adept at collaborating with cross-functional teams to bring innovative ideas to life and consistently deliver robust, reliable applications.

WORK EXPERIENCE

SQLI

Fullstack Developer • 2022 - Present

Nespresso - nestle

- working on a new progressive registration flow.
- Migrated old pages to newer technologies (JSP to React).
- Conducted analyses, designed solutions, and developed new features.
- Collaborated closely with the UX team to create features that significantly improved user experience
- Partnered with the Analytics team to enhance the Nespresso website's tracking mechanisms.
- Added parcel order tracking with an enhanced design system.
- Helped maintain Google Analytics tracking.
- Worked on a design system with well-documented Storybook implementation.
- Integrated identity SDK.

VSIGHT

Co-founder • Feb 2021 - Sep 2021

As the Chief Technology Officer of the startup, I was tasked with creating a proof of concept to present to potential clients.

- Developed a virtual reality experience that allowed customers to explore a product before purchasing
- Created 3D models and virtual reality simulations to give clients a better sense of the design before it was implemented

EDUCATION

software engineer

1337 khouribga • 2019-2021
